Under the banner of
“Nasha Mukth Baharat, SVEEP and Gandhi Jayanti Celebrations”

Theme for Essay:
Protecting ozone layer

Theme for Painting Competition:
Ozone and the earth

Theme for Quiz Competition:
Current environmental issues

“Montreal Protocol@35: global cooperation protecting life on earth” is the theme of World Ozone Day 2022. It was in 1994 when the UN General Assembly declared 16 September as the International Day for the Preservation of the Ozone Layer. The date commemorates the signing of the 'Montreal Protocol' on Substances that Deplete the Ozone Layer which was signed on 16 September 1987.

Ozone, chemically represented as O_3 , is made up of three atoms of oxygen. Ozone is a pale blue, smelly and highly reactive gas present up in the stratosphere. It is this high-up location of ozone that makes it beneficial for us rather than harmful.

“There is no better time to come together for this planet than now”(UNEP)

Prof. Muzaffar Ahmad Bhat (Principal)
(Patron)

Organising Committee:

Dr. Sartaj Ahmad Ganie
Dr. Rouf ur Rafiq
Dr. Syed Zulfiqar Andrabi
