Name of the Programme: Ribbon Cutting Ceremony of Post-Harvesting Rearing Technology

REPORT

The Department of Sericulture/ Zoology conducted Silkworm Rearing from 26th May to 12th June, 2023. The double hybrid silkworm viz., *Chintamani* were obtained after 2nd instar from the Department of Sericulture, Anantnag. These worms, upto 3rd moult, were fed with the leaf of Ichinose and after that they were reared on the leaf of Goshorami, at the Department of Zoology/Sericulture, GDC Anantnag. During this period, students were actively engaged in different rearing, cocoon and post cocoon activities.

The seriposition/ spinning of larvae started on 12th June, 2023 and whole process completed on 14th June. Finally on 20th June cocoons were harvested and the worthy Principal Govt. Degree College Anantnag, Prof. Muzaffar Ahmad Bhat inaugurated the event in the Department of Zoology. It is pertinent to mention that Department of Zoology is highly indebted to the Director, Deputy Director/District Sericulture Officer and Joint Director, Department of Sericulture for their constant collaboration and encouragement for the success of silkworm rearing in the college. The programme was organised by the Department of Zoology and was coordinated by Dr. Sabzar Ahmad Dar (H.O.D, Sericulture/Zoology) and Dr. Naveena Nazim, Contractual Lecturer, Sericulture. All the faculty members and non-teaching staff of Department of Zoology made full arrangements for this event. Programme commenced by worthy Principal at 12:00 Noon. Thereafter, there was live demonstration of cocoon harvesting, which was presented by Dr. Sabzar Ahmad Dar and Dr. Naveena Nazim. After

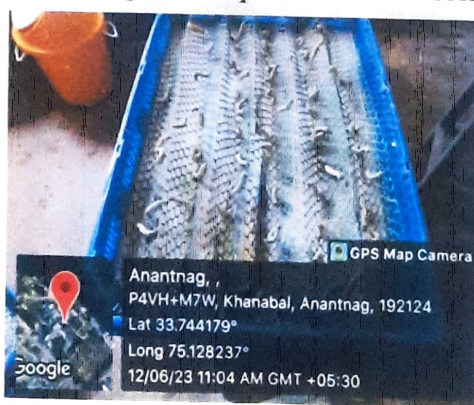

the completion of demonstration, worthy principal briefed the students and faculty about the importance of such initiatives. Later on, he interacted with the students and enquired about their opinion regarding this initiative. He impressed upon the students to start such small-scale industries at home with the aim to become economically self-reliant. Prof. Muzaffar Ahmad also reiterated his commitment to support all those activities in the college which are aimed to enhance skill and self-employability among the students. The esteemed principal interacted with the faculty of Zoology in the staff room and reviewed all academic activities which are currently going on in the department. In the end, worthy principal appreciated Head Department of Zoology and all the faculty members for their active role to improve quality of education by implementation of different measures.
