

One Day Awareness/Interaction Programme on Agripreneurship and funding opportunities with NABARD

Department of Botany and Seed Technology of the college organized One Day Awareness cum Interaction Programme on Agripreneurship in collaboration with National Agriculture Bank and Rural development (NABARD) Anantnag on 22nd November 2022. The session was aimed to educate and familiarize students of Botany and Seed Technology (NEP batch 2022) about various funding schemes and agro based skill ventures and enterprises available with agriculture and rural development bank NABARD. District Development Manager (DDM) of NABARD Mr. Rouf Ahmad Zargar was the guest speaker on the occasion. All the Faculty members and supporting staff of Botany and Seed Technology attended the programme.

The session was moderated by Dr. Fayaz Ahmad Shah who enlightened the students about spirit of holding Awareness programme on various skill based initiative.

The technical session started with Power point presentation by guest speaker Mr. Rouf. Loaded with graphics and statistical data Mr. Rouf said, "NABARD is

implementing various agro based schemes of Govt. of India with an objective to provide business start up idea to unemployed graduates or to progressive farmers and the door step delivery of agriculture extension services to cater to their local needs and affordability. The motivational lecture of Mr.Zargar invited attention of audience and students became inquisitive.

The session was followed by firsthand experience sharing by promising agripreneur from Bijbihara (Anantnag) Mr. A. Ahad .The agripreneur in his native language explained about his journey from child hood to successful entrepreneur. Mr. Ahad who has become employer and has engaged many post graduates on monthly basis explained the Vermicomposting and Vermiwash concept.

The session ended with Vote of Thanks by HOD Seed Technology Dr. Bilal. Extending gratitude to DDM Mr. Rouf and Mr. A. Ahad he presented an overview of seed business in the state and scientific intervention in enhancing seed production.

Later on the team visited Vermicompost unit of the department and appreciated the efforts of faculty in successful establishment of Vermicompost unit.
