

Department of Botany/Seed Technology

Govt. Degree College Anantnag

(Augmentation of Vermicompost Unit)

Augmentation of Vermicompost Unit (June 2023)

With an objective and endure to sustain the Vermicompost production unit of department and after successful sale of previous indigenously produced organic manure-vermicompost, the Department procured 5-8 Kgs of red wiggler worms. The worms were added to previously decomposed cow dung and shredded plant litter which was dumped in vermibeds. The worms were arranged from local entrepreneur at Kulgam.
