**ONE DAY EXPERIENTIAL LEARNING TOUR / WORK SHOP AT HIGH  
MOUNTAIN CROP RESEARCH STATION, LARNOO SKUAST-K**

**REPORT**

As a part of curricular activity as per the syllabus, the department of Seed Technology organized one day experiential learning tour/workshop at high mountain crop research station, Larnoo, SKUAST-Kashmir on 09 July 2023. This station is exclusively designated to develop the rice, maize and other crop varieties suitable for higher altitudes and is governed by SKUAST-Kashmir. The objective of the workshop cum field visit was to imbibe and inculcate among the students about the importance of varieties, development of new varieties and the production of the pure seed of these varieties.

At the arrival of station, 30 students of seed technology along with staff including Dr. Bilal Ahmad Wani HoD Seed Technology, Dr. Azad Hussain Khan Asstt. Prof. Seed technology and Mr. Tariq Ahmad Itoo Lab Assistant were warmly welcomed by host station headed by Dr. Bashir Ahmad Rather. During the onset of event Dr. Bashir Ahmad gave a deliberation about the developments of the station and the research activities which are being conducted in the station. After the thorough deliberation there was the field demonstration of the research activities being conducted at station like

advanced yield trials of rice and maize crop. The students were critically demonstrated the seed production and developments of nucleus, breeder and foundation seed of rice and maize.

At the conclusion of the workshop and field visit, Dr. Azad hussain Khan presented vote of thanks to all the staff members of high mountain crop research station, Larnoo, skuast-kashmir for their friendly cooperation and students of seed technology GDC, Anantnag present there.
