Govt Degree College Anantnag

e-Services in the GDC Anantnag for 'Digital Empowerment of Citizens'

College has initiated e-service process to streamline and expedite different academic and non-academic assignments. In this regard various steps have been taken to enhance the working capability of different departments through e-Governance. The experts from the Department of Computer application have extended their services for upgrading e-Governance in the College. **The major steps taken in this regard are given below:**

The e-service in the college include general e-services for all employees, administrative e-services, finance and accounts e-services, student admission and support e-services and examination e-services. ICT support and services are provided to all faculty and student for implementing digital initiative like cashless campus, training the college faculty to use smart classes, Online transparent, fund allocation through BEAMS, salary withdrawal through JKPAYSYS etc. The e-mail and WhatsApp groups of the college are used for file tracking and management services from office to the department. Various digital modes like Google forms are used for filling important information from the faculty and students. The feedback mechanism of the college has been fully digitized to enhance the quality of the education.

Important:

College has fully implemented all digital initiatives as directed by Department of Higher Education from 2022 onwards

The following are major e-services portals established in the College
