It is impressed upon all the students that for students of KU-affiliated colleges, the minimum attendance requirement is 75% and a student who fails to maintain the requisite attendance will be debarred from appearing in the semester end examination. This notice is issued well in advance for the students falling short in attendance so that they can make up their attendance well in time. No condonation whatsoever will be granted at the end of the semester.

Moreover, it has come to the notice of the undersigned that most students miss classes regularly on Fridays. To discourage this practice, the department has decided to provide remedial classes in addition to normal classes so that students short of attendance can make up the requisite attendance.
