**Report of Environmental Awareness Week celebrations, 2026**

Environment Week 2026 was celebrated with students and faculty members with the objective of promoting environmental consciousness, sustainable practices, and community engagement among students commenced with a **Waste Segregation Demonstration on** 20th May in which 58 students participated.

A **Cleanliness-cum-Awareness Drive** was conducted at Kokernag Park on21stMay with 60 students, faculty members, and volunteers. The participants collected litter, plastic waste, and other discarded materials from the park premises.

An educational visit to the **MET Kokernag** on 21st May provide students with practical exposure to weather monitoring and climate studies.

A Painting Competition with theme **"Environmental Protection and Sustainable Development"** was organized on 22nd May to encourage creativity and environmental awareness among students. Participants expressed their concerns and ideas through colorful and thought-provoking artworks.

The **"Best Out of Waste" Model Competition** was held on 25 May. It showcased students' innovation and creativity in transforming discarded materials into useful products and decorative items.

As part of Environment Week, **a Cleanliness drive** was organized on 5th June within the premises of College. Students and faculty members participated actively in cleaning lawns, and surrounding areas.

An educational visit to the **Sewage Treatment Plant (STP), Anantnag**, was conducted to provide students with practical knowledge of wastewater management and treatment processes.
