Innovation, Incubation & Entrepreneurship Cell (IIEC)
SHMM Government Degree College, Anantnag

About Us

In 2018, the Ministry of Education (MoE), through its Innovation Cell (MIC), launched the Institution's Innovation Council (IIC) programme in collaboration with AICTE to systematically promote a culture of innovation and entrepreneurship in Higher Educational Institutions (HEIs).

In this context, S.H.M.M. Government Degree College, Anantnag established the Innovation, Incubation & Entrepreneurship Cell (IIEC) as an institutional platform to foster creativity, critical thinking, innovation, entrepreneurship and problem-solving among students. In alignment with the vision of NEP 2020, the Cell aims to provide an enabling ecosystem where students can transform knowledge and innovative ideas into practical solutions, enterprises and socially relevant initiatives.

IIEC promotes experiential and skill-based learning through ideation activities, workshops, mentoring, entrepreneurship programmes, innovation challenges and interactions with entrepreneurs and industry professionals. It encourages students to identify local and societal challenges and develop innovative, sustainable and technology-enabled solutions.

Through capacity building, mentoring and stakeholder linkages, IIEC seeks to strengthen the interface between education, innovation, industry and entrepreneurship, while nurturing an entrepreneurial mindset and encouraging students to become job creators, innovators and change-makers.

Vision

To foster a vibrant culture of innovation, entrepreneurship and incubation at S.H.M.M. Government Degree College, Anantnag, empowering students to transform ideas into sustainable, impactful and socially relevant solutions and enterprises, in alignment with NEP 2020.

Mission

The mission of the Innovation, Incubation & Entrepreneurship Cell (IIEC) is to:

- To nurture creativity, critical thinking, innovation and entrepreneurial skills among students.
- To promote experiential, multidisciplinary and skill-based learning in accordance with NEP 2020.
- To provide mentoring and incubation support for innovative ideas, start-ups and social enterprises.
- To encourage students to address local and societal challenges through innovative solutions.
- To facilitate linkages with industry, entrepreneurs, incubators, government agencies and other stakeholders.
- To promote self-employment, employability and a job-creation mindset among students.
